

employee of the month

Special Functions Technician **Beverly** has been honored with the North Oaks Health System Employee of the Month Award for June 2006.

Beverly became a member of the North Oaks team in September 1983. During the last 2 decades, Beverly has worked in a variety of capacities in Nutritional Services, including Food Service Supervisor and Cafeteria Supervisor, in addition to her current position.

“Beverly is not only a valued employee, but also a good friend. She is one of the most organized people I know and consistently gives 100 percent all of the time. She handles the majority of our catered functions and prepares many special sandwiches, salads and desserts for the cafeteria. She believes that everyone should strive to do their job right. She has the ability to function in many different positions within our department. She is a true team player who tries to help everyone, especially new employees, find their way. Her passion is to make people happy, and she does everything she can to make that happen. But the nicest part of all is that she does it with a smile. She is a true asset to our team, and I am proud to work with her,” shares Nutritional Services Director Ann McDaniel Hall.

A native of Hammond, Beverly graduated from Greenville Park High School. She resides in Hammond and has two children, Nina and Nicole. Beverly is the proud grandmother of six wonderful grandchildren. Away from work, Beverly enjoys camping, tailgating and traveling. Her most recent travels took her to Washington, D.C., and New York.

“Teamwork and the fact that my co-workers are my family away from home are the best parts of my job experience.”
