

nurse excellence

Telemetry Unit Secretary **Anna**, LPN, has been honored with the North Oaks Nurse Excellence Award for April 2008.

Anna earned her license as a practical nurse in 1989 from Danville School of Nursing in Kentucky. She began her career with North Oaks in September 2005 as a Unit Secretary in her current position on the Telemetry Unit.

Telemetry Unit Director Nancy Turnage, RN, shares, "No job is too big or too small for Anna. Her primary responsibility is transcribing orders at the nurses' station, but if a patient calls with a need, she is quick to take care of it. Anna always stays positive and upbeat and never complains. It is a joy to work with her, and everyone on the unit loves her."

Anna is a native of Miami, Florida and currently resides in Greensburg with her husband Sonny. In her time off, Anna enjoys raising and breeding her dogs and placing puppies in good homes.

"I enjoy assisting patients with their needs—especially before they ask for something. At the end of each day, I feel good about what I do."
